

What qualifies as an interdisciplinary program with a major or minor?

The program must meet **both** of the requirements below:

- 1) The program has **required** courses with a unique course prefix that does not fall under a departmental rubric (AFST, AMST, BMB, ENVR, FMST, GS, IDST, LING, PPEL, WGSS qualify under this requirement).

NOTE: Cognitive Science, Jewish Studies, Law and Liberal Arts, Mathematical Economics, Arabic Studies, Chinese Studies, German Studies, Italian Studies, Russian Studies, Visual and Media Arts Practice, for example, do NOT meet this requirement.

- 2) The program curriculum **requires** courses from at least two disciplines.

Interdisciplinary programs that meet the above requirements **must have** an advisory board or committee led by a coordinator nominated by the board and appointed by the A&S dean. Coordinators generally serve for a three-year term. For more on interdisciplinary coordinator responsibilities, see https://asadmin.richmond.edu/chairs-coordinators/program_coordinator-job_description.html.
